Don't forget Sunday afternoon at the golf course, there will be a mixed foursome tournament with play beginning at 12:30 sharp. All golfers in the area that can swing a club are invited to participate according to our pro Joe Ziemann.

Mayor Harold Rabin will be on hand at the pot luck dinner to award the winners in the Glades Amateur Championship Tournament for the Mayor's Trophy. Everyone enjoys these events so let's all come out and bring your guests. The dinner is scheduled at 6:30 or 7:00 p.m.

Have you golfers heard the latest news about one of our golfers? The news certainly has created a lot of excitement. Comments in Pahokee that we really got a lot of smoke around, not caused from any cane fire either, just Amy Whidson who got really hot in a golf game last week with a 46. In fact Joe has reseeded the greens with winter rye on account of Amy burning up the course. She says, "I'll never happen again," but we don't believe her.

Last Rites Held For Donald Clark

Services were held Wednesday in Indianapolis, Ind., for Donald Clark, 24, announcer with local radio station WSNW, who died at Belle Glade Memorial

Hospital Saturday morning after a brief illness. Clark had apparently recovered from an attack of pneumonia about two weeks ago but his death was due to a rheumatic heart condition.

Clark was graduate of Arsenal Technical High School in Indianapolis. He attended Butler University and the university's affiliate, The Jordan College of Music in Indianapolis. He had been a member of the school's radio station, WJAC-FM.

He was employed by radio station WSKF-FM, Shelbyville, Indiana for nearly a year, and prior to his coming to Belle Glade was recreation director of the Veterans' Hospital in Indianapolis where he supervised closed circuit radio broadcasting.

A native of Indianapolis, Clark and his wife came to Belle Glade about four months ago. He was a member of the Christian Church there.

Survivors include his wife, Mary Clark, a daughter, Donna C. of Belle Glade, and Mrs. Virgil O. Deal of Indianapolis.

Burial took place in Memorial Park Cemetery.

Life Underwriters Hear Executive Talk

Dave B. Clott, former school teacher and now a million dollar life insurance president was special speaker at the dinner meeting of the Life Underwriters Association held at the Bend last Thursday.

Mr. Clott, who was introduced by vice president, C. B. Todd, spoke on "Never Stop Learning."

Other visitors were A. E. Lee and B. B. Braddock, sons of Mr. and Mrs. Roscoe Braddock of Belle Glade, who are students at the Darlington School for boys at Rome, Ga.

Lee, who was 17 years old, was elected Editor-in-Chief of the "Darlingtonian," the school's newspaper. A student at the prep school for three years, Lee has been a member of the newspaper staff each year, and will graduate in the spring.

B. B. Braddock, fifteen year old son in his sophomore year is a member of the football squad. The boys' picture appeared in the last issue of the "Darlingtonian," where they received recognition as outstanding students.

Services Held For Ralph Cecil Stanley

Stanley, 22, assistant manager of a Pahokee feed store, who died last Monday, November 22 at Everglades Memorial Hospital, following a heart attack, were held Saturday at 2 p.m. at the First Methodist Church in Pahokee with the Rev. Robert A. Guy, officiating.

Mr. Stanley came to Pahokee from Danville and was a member of the Lions Club, Glades Unit of the Civil Air Patrol and the Pahokee First Methodist Church.

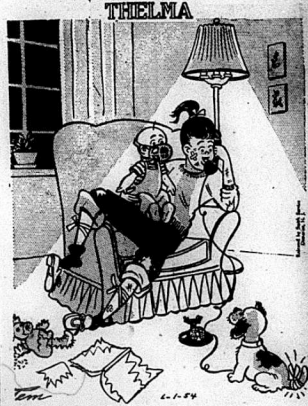

Survivors include the wife, Mrs. Dorothy Stanley; two sons, Ronald, West Palm Beach and Lt. (jg) Edward E. Coronado, Cal., and a sister, Mrs. J. C. Williamson, Miami Springs.

Pallbearers were Cleve Cutright, Jack Spencer, Clyde Canipe, Milton Douglas, John Pickett and Frank Belk.

Burial took place at Evergreen Cemetery, Fort Lauderdale with the Wetherington Funeral Home in charge.

Local Student Member Of "Singing Gators"

Jerry Brent, son of Mr. and Mrs. Pat Brent, 121 N. W. Ave. F., and a freshman at the University of Florida is pledged to Lambda Chi Alpha Fraternity. He is also officer in Pledge class

Bounda, A. M. Jones, Royce Williams and Ed Loshbough. Ray Wilkerson and J. F. Morris were local visitors at the meeting.

Ferry Service Is Proving Popular

KEY WEST, (FNS) — So successful has been the operation of the Caribbean Ferry Service between Key West and Cuba that plans are now under way to expand the service.

The automobile and passenger service, which was started Oct. 2, was on an exploratory basis to determine the public need and operational requirements.

Public acceptance was immediate and the demand for reservations so amazing that officials are unanimous in their decision to expand the service as rapidly as possible.

Alex M. Balte, marine industrialist and former president of the Miami Chamber of Commerce, has been appointed general manager. Long active in promoting Latin-American relations, Balte was chosen by unanimous vote.

Advance reservations into next summer, with most trips already sold out from January through April, give an indication of the demand for such service.

HONORED ON OCCASION OF RETIREMENT—Mrs. Kathryn Mapp, chief operator for the local office of Southern Bell Telephone Co., is congratulated by C. T. McKinney, Florida Traffic Superintendent of Jacksonville on retirement after 30 years of service, at a banquet Saturday night.

J. B. White, Jr., district traffic manager, from W. Palm Beach was master of ceremonies at the banquet given by employees of the company in the local traffic, commercial and plant departments.

Mr. McKinney spoke on Mrs. Mapp's past history with the company and presented her with a 30 year gold service pin in behalf of the company. The pin featured a bell surrounded with six small diamonds, each diamond denoting five years of service. The guard was in the shape of a receiver.

During her years of service, Mrs. Mapp was operator supervisor and service observer, instructor and chief operator. A native of Central City, Kentucky, Mrs. Mapp came to Florida in 1920, with a short time spent in Ohio, where she started working for Ohio Bell Telephone in May 1924. She resigned there and accepted a position as an operator in West Palm Beach in August of 1924 and has worked in this district since that time.

Mrs. Mapp worked with the company also in Delray Beach, Camp Murphy, during the war, Lake Worth and Belle Glade for the past 10½ years, with 13 years of service as chief operator.

"I am thankful to retire with good health to keep going, Mrs. Mapp said, and I intend to devote my time to new hobbies I have always enjoyed and take an active part in church work."

Mrs. Mapp and her husband E. C. Mapp live at 537 S. E. 5th St., and plan to remain in Belle Glade permanently.

From where I sit... by Joe Marsh

Going—Going— But Not Gone!

Saturday they got set to auction of "Sis" Brown's house for non-payment of taxes. Buck Stone was the auctioneer. Everybody who came to the auction knew that "Sis" is a war widow.

When Buck began the bidding he said, "Anybody can bid. Just remember 'Sis' and three nice kids live here. Now who's going to start the bidding?"

There was silence. "Sis" sitting in back, got the point. She reached into her purse for just about all the money she had in the world. "I'll bid \$75," she said.

"Sold," bellowed Buck and "Sis" had her home back.

From where I sit, Buck Stone used a helping hand instead of a gavel. It was real neighborliness. You know, even in something as small as respecting another's choice of beverage, a person can be neighborly. You might like beer. I like "Sis" on a temperate glass of beer. And I can't say anyone's telling me I'm wrong.

**BEARDEN WED IN CLEWISTON CHURCH**—Miss Earline Harri, daughter of Mr. and Mrs. William Harri of Harri, Clewiston, pledged vows to William A. Bearden, Belle Glade, son of Paul Bearden and Mrs. E. F. Allen, Tuesday night at 7 o'clock at Clewiston First Methodist Church.

The Rev. Quay D. Rice officiated at the double ring ceremony before the altar, in a setting of lighted white tapers in cathedral candelabra, palms, baskets of white mums, pom-poms and gladioli.

The bride was beautiful in a long sleeve wedding gown of chintilly lace over satin. The pointed bodice was fastened in the back with long sleeves ending in cuffs at the wrist and the pattern of the lace formed points at the low neckline. The full skirt of net over satin featured deep points of lace extending downward from the waist.

Her shoulder length veil of French illusion was caught with a hair seed pearls and iridescent sequins. She carried a bouquet of white orchids and lilies of the valley.

Miss Betty Harri was her sister's only attendant. She wore a green strapless tulle frock fashioned with a fitted bodice and full pleated skirt. She wore a matching stole and headpiece and carried a crescent bouquet of red Happiness roses. Ray Kent was the groom's best man and ushers were Eddie Crosby and Gerald White.

Following the ceremony, Mr. Quay Rice sang "I Love You Truly" (Bonds) and "Because of Him" (Harbison). She was accompanied by Mrs. Charles E. Mullin, Jr., Miami; Mrs. Hugh Lee, Mrs. W. W. Harri, Mrs. Leonard Paxson, LaBelle, Mrs. Ethel Newson, Miss Regina Newsome, Mrs. Bill Browning, James Fervil, Lake Placid.

became acquainted with the ever growing instrumental program in the Belle Glade high school. Special organizational meetings will be held within the next two or three weeks, to which all interested persons are invited. Announcements will be made as to the time and place.

In connection with this new development in the instrumental program the bandmaster and Band Parents Association are issuing an appeal that all persons who know of instruments which are not in use to donate them to the school program. In this way many talented youths who otherwise would be unable to participate will be able to take part. Increased enrollment in the instrumental program has made this already bad situation become critical.

Many thousands of dollars are needed to build a successful program and any instruments which can be donated go towards alleviating this situation. Instruments should be brought to the main office or to the bandroom.

George Tedders Have Barbecue For Guests

Mr. and Mrs. G. E. Tedders entertained Thanksgiving day with a chicken barbecue at Ted's Cane Mill on Road 27.

Guests present were Mr. and Mrs. Dale Barton and sons, Mr. and Mrs. Dow Houston and daughter, Mrs. J. B. Long, Mr. and Mrs. J. B. Long, Jr., and son, Mr. and Mrs. Frank Young, Mr. and Mrs. John Connell, Mr. and Mrs. Fred Tatro, Mr. and Mrs. Frank Hagerman and Mrs. Willsa Rickie, all of Miami.

**Plans Begun For Junior High Band**

Plans got under way this week at Belle Glade Junior high school for the formation of a full-titled junior high school band. Bandmaster John Munro has been issuing preliminary appeals for membership to all students who have the desire to participate in this activity. At present, prospects seem overly encouraging for the formation of a group of from thirty to forty persons.

If plans are followed and the group functions according to expectations it will be a separate unit entirely from any other groups connected with Belle Glade high school. It will participate with many junior high school activities such as pep rallies, football games, and assemblies. On special occasions such as important parades, activities, and similar events, the group will be combined with the Belle Glade high school band, and the two will perform as a large band probably with as many pieces as eighty or ninety.

Membership will be chosen from students in the seventh, eighth, and ninth grades with exceptional students from the sixth grade being allowed to belong. Parents and students should take this opportunity total.

Sign placed over the office drinking fountain: "Old Face should take this opportunity total."

Dr. and Mrs. H. W. Wales returned to their home in Bethesda, Md., after spending a week at the home of her uncle and aunt, Mr. and Mrs. Harry Peters. During their stay the four were sightseeing in Key West.

## Additional Mail Service Begins On December 18

The local post office will remain open until 8 p. m. on Saturday, December 18, George P. Farrell, local postmaster announced today. On Sunday, December 19, there will be two mailings, one at 10 a. m. and one at 2 p. m. The mailings will be delivered for delivery to alleviate the heavy mailings which are anticipated during Christmas week.

On Sunday, December 19, the local post office will open all windows except the money meter from 10 a. m. to 5 p. m. It is hoped that mailers of gifts and cards will avail themselves of these additional hours of service so that the movement of the mail will not be hampered by having an excessive volume of outgoing mail at any one dispatch.

For those mailers who may wish to expedite handling and delivery of their cards or gifts they should avail themselves of air mail, special delivery and special handling services, or combinations.

Christmas gifts of exceptional value should be registered, and others should be insured. Small articles such as watches, and other articles of jewelry should always be registered.

Every possible means of insuring prompt service to the public will be taken, according to Mr. Farrell. Additional trips to residential areas will be made daily when the quantity of mail warrants, by carriers and

all parcels will be delivered as soon as possible. Additional window service will also be available at all times. On Christmas day the parcel post window, only, will be open from 9 a. m. until noon for the delivery of late arriving Christmas parcels.

Each year the cooperation of the public in preparing and mailing Christmas cards and parcels is highly essential to avoid unnecessary delay and disappointment. In order to facilitate the expeditious dispatch and delivery of mail the following information is given as a guide to mailers:

**POSTAGE Save time.** Purchase your stamps in advance of the rush period. Prepay postage fully on all mail.

**ADDRESSES:** All mail matters must be plainly and completely addressed, preferably in ink, giving street address, including apartment number, if any, or post office box or rural route and rural box number whenever possible. Mail intended for delivery in the larger cities should be addressed to include the delivery zone number when applicable. It is important that the sender's return card appear in the upper left corner of the address side. Avoid the use of address tags unless absolutely necessary, in which case a slip containing the name and address of the sender and the name and address of the addressee should be placed inside the parcel for the purpose of identification.

**GREETING CARDS:** Send holiday greetings as first-class mail to obtain the many advantages which this service affords. Such greetings prepaid at the first class rate may be sealed and contain written messages. They are dispatched and delivered, first, forwarded, if necessary, without additional charge, and if undeliverable, returned at no further expense to the mailer, provided the sender's return address is shown on the envelope.

Unsealed Christmas greetings sent as third class mail without unauthorized writing enclosed are chargeable with postage (if weight does not exceed 2 ounces). However, a minimum charge of 3 cents is applicable to such cards which measure less than 4 inches long or 2 1/2 inches wide.

Patrons having a number of greeting cards to deposit are urged to tie them in bundles with address all faced one way before mailing so as to facilitate their handling in the post office. Such bundles may be deposited at the window with a clerk and not placed one by one in the mail drops.

**PACKING AND WRAPPING:** Pack articles carefully and tightly in strong durable containers. Wrap and tie the packages securely with good quality paper and cord. Do not enclose letters or messages, no matter how brief, in parcels as doing so would subject the entire parcel to the letter rate. Address carefully, don't forget a return address on each parcel, and do not tie with Christmas ribbons or cord, nor wrap in flimsy Christmas paper.

**PERISHABLE MATTER:** Articles likely to spoil within the time reasonably required for transportation and delivery are not acceptable for mailing. At this time of year all perishable matter should be sent special delivery.

## FLORIDA EXPERIMENT

### Wonder Drugs Attack Tomato Blight

Head of research work at University of Florida Experiment Station, Gainesville, Fla., recently placed tomato plants under treatment with a spray of the same artificial drugs used in human medicine, terramycin and streptomycin.

Growers received this information in a recent bulletin from Dr. Robert A. Conover, plant pathologist at the University of Florida, sub-tropical experiment station at Homestead. Dr. Conover reported successful large-scale experiments at commercial plantings with a combination of the two drugs, called Agri-mycin.

According to the report, either drug may be used alone but the combination of terramycin and streptomycin gives maximum results and reduces the possibility of resistant strains of bacteria being developed which would destroy the effectiveness of the

week's business review of the State Chamber's research and industrial division. The per acre yield in Florida is a little under 35 tons today, compared with a 1941-1950 average of 30 tons. Florida's high yield, due mainly to a longer growing season, is well above the 20.3 tons per acre produced in Louisiana, the only other large cane producing state.

Moreover, Florida cane is sweeter, as it produces a little more than one ton of sugar to every ten tons of cane, compared with 12.6 tons of Louisiana cane required for one ton of sugar. Total Florida production of raw sugar was 149,000 last year, about 8 percent of which was refined within the state.

Blackstrap molasses, a valuable livestock feed by-product of sugar production, reached about 7,975,000 gallons last year, worth \$1,211,000, including cane costs. Bagasse, the spent fibre of cane, can be used for fuel, livestock feed, fertilizer, as well as wall board and paper. Florida production of bagasse last year was about 134,000 tons, dry weight.

## Student Council

The Student Council announced that they are selling Christmas cards, and wrapping paper. With the money they make, they hope to buy some things for the school, including benches for the lawn. They will appreciate greatly anyone who buys their cards and paper. So when the student council members come to your home, buy your Christmas cards and wrapping paper from them.

Dec. 17 is the date for the Christmas dance which they are

sponsoring, and more will be told about this later.

The Railroad and Public Utilities Commission has granted application of the Atlantic Coast Line Railroad for authority to discontinue its agency at Lowell, except from May 10 to June 30 of each year.

225,000 persons clipped coupons from State Advertising Commission ads last year seeking further information about Florida.

Negro Jailed After Attempted Robbery In Bean City Office

The office of Frank Prevatt in Bean City was entered twice last week. Sunday, Nov. 21, entrance was made through a window and a shot gun, shells and a fountain pen were taken. To day no one has been apprehended.

Friday night, the window has been made secure, the lock on the door was broken and entrance effected. The light bulb at the front of the office was unsecured, leaving the building in darkness.

An attempt was made to break into the safe. The handle was knocked off but the attempt to open the safe was a failure.

Constable Buford Prescott and Deputy Sheriff Howard made an investigation. The Arthur Wells quarters were searched. A heel print and finger print were found on the scene of the attempted safe robbery to match those of Raymond Dorsey, negro, age 35, who had arrived a week ago from Montgomery, Alabama. He was arrested and lodged in the Belle Glade jail charged with petty larceny. A confession was obtained and he will be brought to trial in the county court.

Leon Campbell, age 37 to 40, was also arrested on suspicion of being a confederate, charged with petty larceny and lodged in the Belle Glade jail. Dorsey's finger prints have been sent to Washington, D. C. in an effort to discover whether he has a record of past offenses.

Nothing was reported missing from the office as result of the breaking and entering Friday night.

### Negroes Injured In Accident On Rd 27

Florida Highway Trooper Lloyd E. Clifton reports fifteen negroes injured in a two vehicle accident Sunday evening about 7 o'clock, some 2 miles south of South Bay near Ted's Cane Mill.

A 14-ton pickup truck driven by Grady Erick had slowed down for oncoming northbound traffic before making a left turn from U. S. Highway No. 27 to a farm road, when it struck in the rear by a 1953 Kaiser sedan driven by Jack Jones of Fort Lauderdale.

Nine negro farm laborers riding in the back of the pickup were thrown out on the pavement by the impact. Some had been fishing and all had been picking beans in an adjoining field during the day. Strings of fish and packages of beans were scattered over the pavement.

Propper Clifton stated that the sedan skidded for 80 feet before it struck the truck. He estimated damage to the truck amounting to \$350. The car was badly damaged and hauled to the Chevrolet Garage in Belle Glade.

Occupants of both the sedan and truck were rubbed to the Belle Glade Memorial Hospital, where they were given first aid and treatment for numerous cuts, abrasions and shock. Fortunately none were seriously injured.

The driver of the sedan was charged with reckless driving and causing an accident. Passengers in the sedan were Lizzie Jones, 38 and Adelaide Jones, 30 of Miami, Gladys Jones, 25 and Anthony Mitchell, 41 of Fort Lauderdale and Henry Jones, age 74 of Lake Worth.

The witness to the accident was William Colby Sherman of Fort Lauderdale.

### Legion - Lion Turkey Shoot, Big Success

Eric D. Hartline reports that the Thanksgiving Turkey Shoot sponsored by the American Legion and Lions Club was a success in that the receipts paid for all the turkey bought.

Looking ahead, they planned and bought birds for two shots, one before Thanksgiving and one before Christmas. Some 85 turkeys were purchased, half of them awarded during the three day shoot last week, the other half remaining for the one still to come. He pointed out that all expenses having been met by receipts, the Christmas shoot should be all velvet and should

net the two organizations a nice sum.

Floyd Wilder was winner of the prize turkey. Quail, a number of turkeys went to out of town marksmen. Among these local winners were Clayton Waters, Barrow Woodham, Kelley Willis, Gerome Woodham, Horace Walker, Smith, A. C. Swath, Yernon Henderson, Sam Henderson, Cleo Higginbottom, Tony Woodham, N. Y. Stirling, L. L. Bradlow, Jimmie Challancin, John Willis, Marvin Davis, F. W. Kelley, Trailway Bus Driver.

Weekend Visitors In Accident South Of Okechobee City

Mrs. Mable Fay Walker, Miss Donna Faye Walker, Roger Walker and Miss Shirley Iry of Macon, Georgia who had been visiting Mr. and Mrs. D. L. Shiver in Chosen, Mr. and Mrs. A. O. Walker, Jr. and other relatives in South Bay over the Thanksgiving weekend had the misfortune to wreck their car enroute home Sunday morning. They came to grief on the sharp turn just south of Oke-

chobee City which has been the scene of several accidents in the last few years. This is reported to be the same corner where Dr. Weems was killed a couple of years ago and where Deputy Sheriff Robert Newman and his patient passenger were severely injured some weeks ago.

None of the Walker party were severely injured fortunately, but their car was wrecked. Mr. and Mrs. Shiver went after them and brought them back to the Glades. W. W. Ferguson, son-in-law, came down from Macon Monday and they started back to Macon Tuesday.

duced a 30-horse-power model with a noise reducing intake silencer, the first complete under-drive exhaust and spring-mounted sound and vibration deadeners. The unit, the most powerful twin-cylinder ever offered, is available with either manual or electric starting. In comparison tests made during the past year with other outboard motors, its power range, passenger loads at greater speeds, and with quieter operation, the Scott-Awater 30 model is priced at \$495.50 f.o.b. Minneapolis. The electric starting model is somewhat higher. Produced by the company that introduced such outboard industry "first" as the full gear-shaft, and the automatic baller, the Scott-Awater 30 incorporated a number of features that the firm's president, H. B. Awater, says make it "the most advanced motor in the big horsepower class on the outboard market."

Awater said noise reducing features in the new 30 include the "aquatic exhaust," oversized spring mountings, and the "intake silencer." The only complete under-drive exhaust on the market, this "Aquatic exhaust," results from a valve that prevents water from backing into the exhaust chamber and thereby eliminates the need for the noisy, sputtering relief port. The spring mountings isolate motor vibration from the boat hull and are surrounded at both powerhead and boat bracket. The "fish Spring Mount," according to Awater, is a refinement of previously developed noise-reducing principles. Quiet operation is further assured by the intake silencer.

## More Help Ahead for Farmers . . . Engineers Try Electricity on Silos

Experimental electric elevator fills 25-foot silo successfully.

By IRA MILLER

## Farm Electrification Bureau

Farm electrification progress

directly to the "never say die"

spirit of the nation's agricultural en-

gineers. Take silos, for example.

Silos filling had been considered a

"big power" chore—too big for elec-

tric motors. Apparently, this is not

the case, although it will be some

time yet before the first successful

experimental electric silage eleva-

tor "graduates from college."

The farm, until that time comes,

tractors and stationary gasoline en-

gines can be expected to take care

of silo filling operations. Also, they

probably handle the silage cutting

jobs—when they're done at the silo.

This latter way of cutting ensilage

is changing, however. An increasing

amount of grass and corn silage now

is being cut in the field with new

mobile harvesters, rather than by

stationary equipment on the farm-

stead.

Ensiling, in many cases, now ar-

rives at the silo itself for storage.

## Too Late To Classify

By Russell Kay

There is something snappier

than the salute of a U. S. Mar-

ine.

To rate one from the entire

corps is really something. Sun-

day, Dec. 12, the United States

Marine Corps will salute the

state of Florida with a nation-

wide broadcast over 110 sta-

tions of the American Broad-

casting Company (ABC).

Believer it or not, the salute

to Florida will originate from

California, coming from Camp

Pendleton. For the past three

and a half years, the corps has

been featuring a series of broad-

casts and television shows un-

der the title of "Marines in Re-

view." This show takes the

form of salutes to the states.

Florida will be the fourteenth

state to be so honored and we

are fortunate because a Florida

boy, Captain Walt Swindells of

Tampa, is the show's producer.

While all states salute have been

given very careful treatment,

the Florida salute will relieve

perhaps a little more than usual

for this is one show that Capt.

Swindells has his heart in.

I have known Walt personally

for many years and have been

in correspondence with him

during his stretch on the front

line with the First Division in

Korea and while he was sta-

tioned in New York, California

and other points. If ever a guy

loved a state, this boy loves

Florida.

I can just see him, grinning

like a cheesy cat as he sits in

his PIO office in California and

writes script for an all Florida

show. In a letter I just received

he tells me that although he has

only 25 minutes to play with,

he intends to make the most of it.

To be sure, he has all his

facts straight, he contacted the

State Advertising Commission,

Florida State Chamber of Com-

merce, St. Augustine Historical

Society and other authorities.

Tribute will be paid to Flori-

da's beauty, history and pro-

gressiveness in both narration

and music throughout the show.

It will start with an "up ar-

rangement of "Find Your Place

in the Sun" written by Sara

Sota's John A. McGee and will

follow with highlights of the

state's historical background.

Two Florida cities, St. Augus-

tine and Tallahassee, will be

sponsored. "Marines in Review"

will sing "In the Mission of

St. Augustine," while Staff

Sergeant Gene Nelson, "The

show's "cat" singer, will give

his version of the song that was

popularized by Bing Crosby,

"Tallahassee."

A five minute historical

sketch has been written around

the highlights in the Marine

Corps career of one Florida's

most distinguished citizens, the

late Lt. Gen. Roy Stanley

Geiger.

The University of Florida and

Florida State University will be

saluted with a spirited melody

of their college songs, and, of

course, the show will be cor-

porated with the state's "Big

Show" which will be cor-

## Research Builds Up Corn Yield

Each addition to the knowl-

edge of how best to grow corn

in the Everglades, adds up to a

better harvest, Victor E. Green,

Jr., says in Florida Grower and

Harvester for December. The

value of intensive study given

the cereal in South Florida ex-

periments by a team of special-

ists at the Belle Glade Station,

shown in an increase through

the years from 1946, of from 23

bushels per acre, to 73 and 78

bushels in recent years. A

variety called "Big Boy" has

been found prolific and the ar-

ticle says that "even in bad

years, growers are usually able

to harvest profitably." Last

year about 15,000 acres were

grown of this tropical hybrid.

Troop Five of the Girl Scouts

met at the scout hut with their

leader, Mrs. Fred White Tues-

day afternoon. The group finish-

ed the puppets they were mak-

ing and practiced a play.

Those attending were Gloria

Smith, Peggy and Penny Carl-

ton, Linda Sue Rubin, Shirley

Liddon, Kathy White, Eleanor

Houmes, Judy Amodee and

Elizabeth White.

Walt says he wishes time

would permit telling the story

of some Florida attractions

as the Stephen Foster

Memorial, Marine Studios, Sil-

ver Springs, Cypress Gardens,

Weeki Wachee's underwater

show and others, but we have

so many that it couldn't all be

told if he had hours instead of

minutes for the telling.

However, Florida is grateful

for this fine national publicity.

We salute the U. S. Marine

Corps right back and are mighty

proud that one of our Florida

boys was chosen to produce

the show. Better listen. Check

with your local ABC station for

the time. The date is Sunday, De-

cember 12.

Christmas Closures

Program at GC Meet

The South Bay Garden Club

will meet at the Legion Hall

Wednesday, December 8 at 3

o'clock.

The program will be on

Christmas Closures and will

include a presentation of a

demonstration on making cor-

sages. Each member is re-

quested to bring flowers for their

own corsage.

There will be a Christmas

gift exchange.

Members are requested to

bring gifts to make up a box

for the Lantana Hospital pa-

tients, such as tooth paste, razor

blades, old hair for use in hand-

craft, small current magazines.

County Officers To

Appear at PTA Panel

The South Bay Parent Teach-

ers Association will meet in regu-

lar session at the school audi-

torium on Monday, December

6 at 8 o'clock.

Plans for the annual Christ-

mas program and treat will be

discussed and committees ap-

pointed.

The program will consist of

a panel discussion by state, dis-

trict and county Parent Teacher

Association officers and com-

mittee chairmen.

Mrs. Hansel L. Lord, mental

health chairman will act as

moderator.

Those appearing on the panel

discussion are Mrs. M. D. Wor-

ley, District 9 President; Mrs.

Richard Uhl, P. A. I. m Beach

County Council President; Mrs.

Amel George, Palm Beach

County Membership Chairman;

Mrs. Elizabeth Sutton, federal

investigator of children in Mi-

grant Labor Camps.

The question for discussion

will be selected from among

eleven questions submitted by

the local association. Members

in a previous meeting were re-

quested to indicate their desire

as to subject matter.

Hostesses for the evening will

be Mrs. Jane Evans, Mrs. Bessie

Smith and Mrs. Opal Vanzant.

## Honorary Membership Given Joe Cherry

Members of the Belle Glade

Peace Officers Benevolent As-

sociation voted to make Justice

of Peace, Joe Cherry an hon-

orary member, at a meeting

held Monday night.

They also voted to join the

Migratory Advisory Committee,

and agreed that Jake Ryan and

Rolf Clark, who have recently

joined the police force, become

honorary members until their

six months probation is ended

and they can become members.

A turkey shoot is scheduled

before the Christmas holidays

to be sponsored by the group.

Garden Club Meeting

Slated For Dec. 9.

The Belle Glade Garden Club

will meet at the Community

Club house December 9 at 2:30

p. m. The roll call will be an-

swered by the members naming

a flowering tree. A program

on "Mechanics of Home Chief

Made Decorations" will be in

charge of a committee, Mrs.

Frank Kirk, Mrs. J. A. Spence

and Mrs. Irvin Zumpf.

There will be a plant sale

with Mrs. George Wedgworth

as chairman and the contest will

be, specimen cut poinsettias.

Each member is asked to bring

an everlasting corsage, to be

given patients at Belle Glade

Memorial Hospital. Gifts will

be exchanged with Mrs. Harry

Peters, chairman. Hostesses for

the meeting will be Mrs. F. Her-

bert Beck, Mrs. Charles Beck,

Mrs. Joe Brown, Mrs. J. P. Hal-

brook, Jr., Mrs. M. M. Sabiston,

Mrs. Roy Shroetz and Mrs.

METHOD TO AID RELAXATION

ADAMSVILLE, PA. News of a wonderful small unit that after

minutes use can help relieve fatigue, encourage sleep and aid in

relaxing the body, has just been released. This amazing device

is also effective in increasing and stimulating blood circulation.

It also helps decrease soreness of muscles and joints due to stress

and strain of every day living. Now thousands of people every

month hail the blessed relief they can at last enjoy thanks to

this new invention. For free booklet, details and information

A SWITCH OF THE PITCH

-AND AWAY YOU GO!

The biggest sensation in years is what

"variable pitch propellers" have done for Dynaflo Drive

It happens like this. You need

pickup—and presto. So you get

it. You get it by pushing the ac-

celerator pedal of a 1955 Buick all

the way to the floor board.

Then—without jerk or lag or lurch

or pause—you get action! You get

action whether you're just starting

off—or asking for a safety-surge

of power out on the highway.

There's nothing like
